

WATER-WISE PLANTS AND TREES

More than half of household water use happens outdoors. By designing landscapes with healthy soils, water-efficient plants, and efficient irrigation systems, homeowners can significantly reduce water use.

Water-Wise Plants and Trees

More than half of household water use happens outdoors. Choosing plants that fit Colorado's climate helps you use less water and maintain a healthy, attractive landscape.

LTWD recommends selecting native and drought-tolerant plants when planning or updating your yard. Visit a local nursery or garden center and ask for plants that work well along the Front Range.

Rebate eligibility is based on plant lists from Northern Water. Find the approved plant list on Northern's website:

<https://www.northernwater.org/>
